## LIBRARY COMMISSIONERS' REPORT.

---

COLUMBUS, OHIO, *December 20, 1883.*

*To the General Assembly of Ohio:*

The Commissioners of the State Library, in compliance with the requirements of law, submit the following report:

The Library now contains 50,380 volumes, an increase of 974 volumes since the close of the year 1882. In the purchase of books during the year, an effort was made to select such literature as would add to the already high character of the Library as a reference Library, and increase its value to the people of the State as a repository of scientific, historical, and biographical works, not ordinarily found in private or circulating libraries.

An appropriation for furniture, made by the General Assembly at its last session, has enabled us to materially improve the Library and newspaper rooms, both in appearance and accommodations for the public.

Provision was made by the General Assembly, in January last, for the publication of a supplemental catalogue of the Library, which had been prepared by Miss Mary C. Harbaugh, Assistant Librarian. We have received a portion of the bound volumes, and distributed the same in accordance with the provisions of the above-mentioned act. The remaining volumes will be distributed as soon as received at the Library.

A complete list of the books placed in the Library during the year, and also a financial statement giving an exhibit in detail of the Library receipts from all sources, and the disbursements on account of the same is submitted herewith.

CHARLES FOSTER, *Governor,*  
JAMES W. NEWMAN, *Secretary of State,*  
HOWARD L. CONARD, *State Librarian,*  
*Commissioners.*
